1. Terms and Conditions for Software Use

§ 1 Scope

1. These Terms and Conditions for Software Use shall govern STARs provision of Software to the Customer.
2. If the Customer acquires Hardware from STAR in which the Software has been preinstalled, these Terms and Conditions for Software Use shall apply to the preinstalled copy of the Software by way of analogy.
3. These Terms and Conditions for Software Use govern the provision of software against payment and the provision of Demo Software. However, the provision of Demo Software is only governed to the extent explicitly provided in § 20 of these Terms and Conditions for Software Use. Provisions of these Terms and Conditions for Software Use that § 20 does not explicitly declare to be applicable to the provision of Demo Software apply exclusively to software that is provided against payment.

§ 2 Definitions

Unless otherwise explicitly stipulated, the following terms used in these Terms and Conditions for Software Use (including the definitions themselves) have the following meaning:

Customer

The party to the respective agreement with STAR as licensee.

Demo Software

Software that STAR provides to the Customer free of charge which has a limited functional scope compared to the corresponding Software provided against payment.

Device Driver

Software that is designed to control a specific piece of Hardware and is acquired by the Customer from STAR together with this Hardware. Whether or not a piece of Software is a Device Driver is set forth in the respective User Documentation.

Download

The possibility of transferring data in the Internet from one computer to the Customer's computer.

STAR

STAR ELECTRONICS GmbH & Co. KG.

Firmware/Embedded Software

Software that is embedded in Hardware and is acquired by the Customer from STAR together with this Hardware. Whether such Software is Firmware or Embedded Software is set forth in the respective User Documentation.

Hardware

Electromechanical devices that are generally not functional without Software.

License Materials

The Software together with the User Documentation.

License Models

The License Models described in § 6 of these Terms and Conditions for Software Use for the licensing of the Software.

Normal Working Hours

Monday through Thursday 9:00 a.m. – 12:00 noon and 1:00 p.m. – 3:30 p.m. plus Friday 09:00 a.m. – 12:00 noon Central European Time (daylight-saving time), excepting legal holidays in the Federal States of Baden-Württemberg or Bavaria and STAR's general closing times (in particular 24 December through 6 January).

Object Code

The Software in a form that is only machine readable which is suitable for generating an executable machine code.

Parties

STAR and the Customer together.

Software

The software that is listed and described in the order confirmation.

Source Code

The source code of the Software that is readable by humans and written in a programming language.

Terms and Conditions for Software Use

These general terms and conditions for the provision of Software for use.

Update

The bundling of several defect corrections and/or repairs of faults in the Software, as well as minor functional improvements or adjustments of the Software in a single batch.

User Documentation

The textual and technical description of the Software that is in effect prior to the conclusion of this agreement and is provided to the Customer prior to the conclusion of this agreement (e.g. Instructions for Use, User Manual, Documentation).

§ 3 Order of priority

1. The agreements entered into by the Customer and STAR have the following order of priority:

- order confirmation
- User Documentation on the respective Software
- these Terms and Conditions for Software Use
- STAR's general terms and conditions of sale

In the event of any conflicts, the provisions listed first will always take priority over those listed last. Any gaps shall be filled by the respective subordinate provisions.

2. Any contrary or differing terms and conditions of the Customer shall only apply with STAR's explicit written consent.

§ 4 Contract formation

All offers by STAR are non-binding. A contract between the Customer and STAR will only be concluded by the written confirmation of an order or the delivery of Software by STAR.

§ 5 General Terms and Conditions of use rights

1. STAR grants the Customer the right to use the Software under these Terms and Conditions for Software Use. For the use of the Software, STAR offers the License Models designated in § 6 of these Terms and Conditions for Software Use. The following provisions of this § 5 of the Terms and Conditions for Software Use shall apply to all License Models insofar as no other provision is expressly made under § 6 of these Terms and Conditions for Software Use. Any use or exploitation of the Software that goes beyond these Terms and Conditions for Software Use is prohibited.
2. For the duration of the existence of any intellectual property rights, the Customer is granted a non-exclusive right to use the Software for internal use for the purposes set forth in the User Documentation. Use of Software means any permanent or temporary full or partial reproduction of the Software by means of saving, loading, running or displaying the Software for the purpose of executing the Software; any other reproduction of the Software is prohibited, with the exception of the making of a backup copy (§ 7 of these Terms and Conditions for Software Use). Prohibited is in particular, but without limitation, the reproduction of the Software for the purpose of passing it on to third parties with or without remuneration.

3. The Customer may only modify or edit the Software to the extent necessary for the use described in the User Documentation, to connect the Software with another computer program, or to correct errors. Other than that, the Customer may only modify the Software if and to the extent STAR has explicitly permitted the Customer to do so in writing.
4. With regard to the rights to the Software granted to the Customer, the Customer shall not grant rights to third parties. Nor may the Customer grant third parties a sublicense in the rights to the Software granted to the Customer. § 18 of these Terms and Conditions for Software Use remains unaffected.

§ 6 License Models

1. STAR offers the Customer the following License Models for the licensing of the Software:

- a. “Single User License”

Only one employee of the Customer may use the Software on one computer at a time. The Customer is free to choose which computer and which employee will be involved in the use. The Customer is not allowed to keep the Software on the server of a network if this would enable multiple uses of the Software at the same time. If the Customer wishes to have the Software used by multiple employees or on multiple computers at the same time, the Customer must notify this in writing in advance and purchase additional licenses for the Software from STAR.

- b. “Floating License”

The Customer may have the Software used by two or more employees on various computers at the same time. The number of employees entitled to use it at the same time can be derived from the order confirmation. The Customer is free to choose which employees and which computers will be involved in the use. If the Customer wishes to increase the number of employees entitled to use the Software at the same time, it must notify this in writing in advance and purchase additional licenses for the Software from STAR.

- c. “Integrated Software License”

The Integrated Software License applies to device drivers, Firmware and Embedded Software. The Customer may use the licensed Software under the Integrated Software License only for the designated operation of the Hardware acquired from STAR together with this Software. The designated operation is set forth in the respective User Documentation. Any other use of the Software, in particular but not limited to, the use of the Software for Hardware that the Customer did not acquire from STAR together with the Software is prohibited.

- d. “Development Kit License”

The Customer may use the Software for the project stated in the order confirmation. Should the Customer wish to use the Software for other projects, the Customer must make prior notification of this to STAR and purchase further licenses for the software. Should no project be stated in the order confirmation in spite of the license model “Development Kit License” being specified, the Development Kit License shall be valid for the Customer’s project which comes closest to the subject matter of the license in terms of content. In the framework of the respective project, the Software licensed under the Development Kit License may,

- (i) in derogation of § 5 para. 2 of these Terms and Conditions for Software Use, be used not only for internal purposes but also for third-party purposes.
- (ii) in derogation of § 5 para. 2 of these Terms and Conditions for Software Use, be reproduced for the purpose of passing on – either with or without remuneration – software developed by the Customer. In this respect, passing on Software to third parties is subject to the condition that the Customer passes on the file “Copyright.txt” to the third party, and that the third party undertakes to comply with the restrictions deriving from the order confirmation, the User Documentation, the Terms and Conditions for Software Use and the restrictions deriving from the file “Copyright.txt” in using the Software.
- (iii) in derogation of § 5 para. 4, be sublicensed to third parties insofar as the respective third party undertakes to comply with the restrictions deriving from the order confirmation, the User Documentation, these Terms and Conditions for Software Use and the restrictions deriving from the file “Copyright.txt” in using the Software. Any sublicense is dependent on the main license as regards validity and scope.

2. Device drivers, Firmware and Embedded Software shall always be licensed under the Integrated Software License. Otherwise, the rule shall apply that unless otherwise explicitly regulated in the confirmation of order, the Customer will merely be acquiring a "Single User License".

§ 7 Backup copy

The use of the Software and the data contained therein in accordance with these Terms and Conditions for Software Use includes the creation of a backup copy. The backup copy may only be used for backup purposes. The Customer shall keep the backup copy at a secure location that is not accessible to third parties.

§ 8 Source Code/Object Code

1. The Software will be provided to the Customer in the Object Code as a Download or on machine readable data carriers.
2. Unless otherwise explicitly provided in the order confirmation, the Customer is not entitled to the provision of the Source Code or parts thereof.
3. A decompilation of the Object Code is permissible only in compliance with the statutory limitations set forth in sec. 69e of the German Copyright Act (UrhG). Any decompilations in excess thereof are prohibited.

§ 9 User Documentation

1. The Customer will receive one User Documentation in typewritten form and/or in electronic form on machine readable data carriers or as a Download.
2. The Customer may reproduce the User Documentation in typewritten form only with STAR's prior written consent. If the Customer receives the User Documentation only in electronic form, then notwithstanding sentence 1 the Customer may make one copy of the User Documentation in typewritten form for its own internal use.
3. In all other respects, § 5 through § 7 of these Terms and Conditions for Software Use shall apply by analogy to the use of the User Documentation in electronic form.

§ 10 Protection of the License Materials

1. The Customer undertakes to comply with the protection notices contained in the License Materials, such as copyright notices and other reservations of rights, to retain them in unmodified form as well as to incorporate them into the backup copy in unmodified form.
2. Notwithstanding the use rights granted on the basis of these Terms and Conditions for Software Use, STAR retains all rights to the License Materials, including all rights in all copies or partial copies created thereof by the Customer. This does not affect the Customer's ownership of machine readable data carriers and Hardware.

§ 11 Maintenance of Software

1. A prerequisite for the provision of Software maintenance is the conclusion of a maintenance agreement for a consideration. Without a maintenance agreement, the Customer shall have no claim to Software maintenance.
2. Software maintenance comprises the delivery of Updates to the Software once STAR also provides it to other customers in the normal course of business.
3. Maintenance agreements shall have a basic term of one calendar year commencing with the day on which the respective Software is provided. If the maintenance agreement is not terminated by one of the Parties in writing at least two calendar months prior to the expiration of the basic term, the maintenance agreement shall extend by another calendar year. Sentence 2 applies for every subsequent extension *mutatis mutandis*.
4. For the use of Updates of the Software, these Terms and Conditions for Software Use, in the version current at the time of the delivery of the respective Updates shall apply.

§ 12 Warranty of title (Rechtsmängelgewährleistung)

1. The Customer shall notify STAR in writing without delay of any claims asserted against the Customer arising from an infringement of intellectual property rights by the License Materials.

2. If the Customer's designated use of the License Materials is impaired by the intellectual property rights of third parties, STAR shall to an extent reasonable for the Customer, have the right at STAR's option to acquire corresponding licenses from third parties at STAR's expense or to modify or replace the License Materials such that they no longer impair the intellectual property rights of third parties.
3. STAR shall not be liable under a warranty of title where the infringement of intellectual property rights of third parties is due to the fact that the Customer has modified or edited the License Materials or is using the Software together with Hardware or computer programs that were not supplied by STAR. This also applies where the third party's claims arise from a use of the License Materials by the Customer after it had been informed by STAR that as a result of a third party claim the use should be stopped.

§ 13 Warranty of merchantability (*Sachmängelgewährleistung*)

1. The designated use and the conditions for operation of the Software are set forth in the User Documentation. The Customer bears sole responsibility for the selection and usage of the Software, including the performance results to be achieved by the usage of the Software.
2. STAR warrants that the Software in the version provided to the Customer is suitable for the designated use in accordance with the User Documentation. In the event of significant deviations from the User Documentation, STAR shall have the right and, unless unreasonable expense would be involved, the obligation to perform remediation. If the Customer cannot reasonably be expected to await the next Update of the Software and STAR fails to remediate such significant deviations of the Software from the User Documentation or to work around them such that the Customer is able to use the Software in the designated manner within a reasonable period of time,, the Customer may, at its option, withdraw or instead claim a reduction of the license fee pursuant to sec. 441 of the German Civil Code (BGB).
3. STAR will fulfill its warranty obligations during the Normal Working Hours ; no costs will be incurred by the Customer in this respect. If STAR is to fulfill warranty obligations outside of normal working hours, the Parties shall enter into a written supplementary agreement to compensate for the additional costs.
4. The Customer is obligated to provide STAR with verifiable documentation of the nature and occurrence of deviations of the Software from the User Documentation and shall cooperate in isolating any defects.
5. Obvious defects must be notified to STAR within a period of 2 (two) weeks of receipt of the Software; otherwise, STAR shall not be liable for a warranty violation. The timely dispatch of the notification of defect will be sufficient for compliance with the deadline; the burden of proof is on the Customer. If the Customer is a merchant (*Kaufmann*), the provisions of sec. 377 of the German Commercial Code (HGB) shall apply.
6. STAR shall have no warranty obligations if the Customer has modified or edited the Software.
7. STAR will likewise have no warranty obligations for defects in quality if the defect in the Software is due to the fact that the Customer is using the Software together with hardware or computer programs that were not supplied by STAR.
8. Should STAR nonetheless perform work to remediate defects in the cases set forth in § 13 paras. 6 and 7 of these Terms and Conditions for Software Use, the Customer shall pay for such work at STAR's normal rates in effect at the time such work is carried out.
9. The above limitations of the warranty obligation shall not apply in cases in which STAR has assumed a guarantee for a condition of the License Material or if STAR fraudulently concealed any defects.

§ 14 Statute of limitations of warranty claims

Subject to the provisions in the following sentence and in § 13 para. 9 of these Terms and Conditions for Software Use, warranty claims will become time-barred one year after delivery of the Software. However, the Customer's claims for damages or reimbursement of expenditures shall not be affected by the above provision and shall become time-barred according to the statutory time periods; for claims for damages and reimbursement of expenditures, the provisions in § 15 of these Terms and Conditions for Software Use shall apply.

§ 15 Disclaimer of Liability

1. In the event of a breach of material contractual duties (so-called "Cardinal Obligations"), STAR shall be liable toward the Customer for reimbursement of expenditures and damages (hereinafter in this § 15 of the Terms and Conditions for Software Use collectively referred to as "**Damages**"). Cardinal Obligations are all obligations whose breach would jeopardize the achievement of the contractual purpose, as well as all obligations whose

fulfillment enables the proper performance of the contract in the first place and on compliance with which the Customer can generally rely. However, where a breach of a Cardinal Obligation is due only to slight negligence and does not result in injury to life, limb or health, the Customer's claims will be limited to Damages in the amount of the typically foreseeable damage.

2. STAR shall also be liable to the Customer pursuant to the provisions of the German Product Liability Act (*Produkthaftungsgesetz*), in cases of intent and gross negligence, for injury to life, limb or health, if it assumes a guarantee, as well as in all other cases of mandatory statutory liability, in each case in accordance with the statutory provisions.
3. In all other cases, claims for damages against STAR – regardless of their legal basis, in particular due to a breach of obligations under the contractual relationship between the Parties by STAR, its legal representatives, employees or vicarious agents (*Erfüllungsgehilfen*), pursuant to sec. 311a German Civil Code or based on tort – are disclaimed.
4. To the extent STAR's liability is limited or disclaimed under the above provisions, this shall also apply to the personal liability of STAR's legal representatives, employees and vicarious agents.

§ 16 Operating conditions for the Software

1. The Software provided to the Customer was developed for use on certain hardware and for purposes of interoperability with certain other computer programs. These operating conditions are set forth in detail in the respective User Documentation, compliance with which is mandatory for the Customer. The Customer shall also inspect the Software carefully before putting it into productive operation. This applies especially, but not only, if the Software is to be put to use in a safety-critical area.
2. If the Software is not used in compliance with the operating conditions as set forth in § 16 para. 1 of these Terms and Conditions for Software Use, the warranty obligation pursuant to § 12 and § 13 of these Terms and Conditions for Software Use shall not apply. Should STAR nonetheless perform work to remediate the defects, the Customer shall pay for such work at STAR's normal rates in effect at the time such work is carried out.
3. In the event that third parties assert claims against STAR arising from the fact that the Customer, its legal representatives, employees or vicarious agents culpably used the Software without complying with the operating conditions pursuant to § 16 para. 1 of these Terms and Conditions for Software Use, the Customer shall indemnify STAR against such claims of the third party and reimburse STAR for all damage incurred in this connection. STAR shall notify the Customer in writing without delay in case any claims within the meaning of sentence 1 are asserted against it.

§ 17 Test phase

1. The Customer has the right to test the Software free of charge before putting it into productive operation if this is explicitly provided for in the order confirmation. In that case, the individual modalities of the test phase (duration, etc.) will be those stated in the order confirmation.
2. In any case, the test phase shall end once the Customer begins to put the Software into productive operation. The Customer shall notify STAR in writing of the commencement of the productive operation.

§ 18 Transfer of the License Materials

1. The Customer has the right to transfer the License Materials in their original condition to a third party, together with a copy of these Terms and Conditions for Software Use and the order confirmation as long as the Customer provides STAR with the name and complete address of such third party and the third party undertakes to STAR to comply with the restrictions set forth in the order confirmation, the User Documentation and these Terms and Conditions for Software Use when using the Software. This right to transfer the License Materials does not extend to modified or edited versions of the License Materials.
2. Upon the transfer of the License Materials in compliance with the prerequisites set forth in § 18 para. 1 of the Terms and Conditions for Software Use, the right to use the License Materials will pass to the third party, who thereby replaces the Customer within the meaning of these Terms and Conditions for Software Use. At the same time, the Customer's right to use the Software will end.
3. Upon the transfer of the License Materials, the Customer shall immediately and completely delete or otherwise destroy all copies and partial copies of the License Materials as well as modified or edited versions of the License Materials. This also applies to the backup copy pursuant to § 7 of these Terms and Conditions for Software Use.

4. § 18 paras. 1 to 3 of these Terms and Conditions for Software Use also apply if the transfer consists of a temporary provision for use. However, it is prohibited to rent out the License Materials or parts thereof.
5. For cases in which the License Materials are subsequently transferred to other third parties, § 18 paras. 1 to 4 of these Terms and Conditions for Software Use shall apply accordingly.
6. The above provisions of this § 18 of the Terms and Conditions for Software Use do not apply to Software licensed under the License Model "Development Kit License". Passing on this Software to third parties is only permissible subject to the preconditions provided for under § 6 para. 1 lit. d of the Terms and Conditions for Software Use.

§ 19 License fee / maintenance fees

1. The Customer shall pay the license and maintenance fees set forth in the order confirmation. The amounts listed in the order confirmation do not include VAT, which will be invoiced separately at the rate in effect at the time.
2. In all other respects, the payment of the license and maintenance fees will be governed by STAR's general terms and conditions of sale, which shall be provided to the Customer prior to the conclusion of the contract.

§ 20 Demo Software

1. Besides the Software STAR offers against payment, STAR also offers Demo Software in Object Code on machine readable data carriers or as a Download. The Customer is not entitled to a provision of Demo Software for use, nor to a provision of the Source Code of the Demo Software or parts thereof for use, nor to a provision of Updates of Demo Software for use.
2. The contract between the Customer and STAR on the provision of Demo Software for use shall be concluded by the utilization of the Demo Software by the Customer.
3. For the duration of the existence of any intellectual property rights, the Customer is granted a non-exclusive right to use the Demo Software internally for the purposes set forth in the User Documentation. Use of the Demo Software means any permanent or temporary full or partial reproduction of the Demo Software by means of saving, loading, running or displaying it for the purpose of executing the Demo Software; any other reproduction of the Demo Software is prohibited, with the exception of the making of a backup copy (§ 7 of these Terms and Conditions for Software Use). Prohibited is in particular, but without limitation, the reproduction of the Demo Software for the purpose of passing it on to third parties with or without remuneration.
4. The Customer shall have no right to modify or edit the Demo Software. A decompilation of the Object Code is permissible only subject to the statutory restrictions set forth in sec. 69e Copyright Act. Any decompilations in excess thereof are prohibited.
5. With regard to the rights to the Demo Software granted to the Customer, the Customer shall not grant any rights to third parties. Nor may the Customer grant third parties a sub-license in the rights to the Demo Software granted to the Customer.
6. STAR shall only be liable for defects of title or quality of the Demo Software and the respective User Documentation if STAR has fraudulently concealed such defect. Apart from warranty obligations, STAR shall only be liable for intent and gross negligence. Any other liability of STAR is disclaimed. To the extent STAR liability is limited or disclaimed pursuant to the above provisions, this shall also apply to STAR's legal representatives, employees and vicarious agents.
7. The Demo Software provided to the Customer was developed for use on certain hardware and for purposes of interoperability with certain other computer programs. These operating conditions are set forth in detail in the respective User Documentation. In the event that third parties assert claims against STAR arising from the fact that the Customer, its legal representatives, employees or vicarious agents culpably used the Demo Software without complying with the operating conditions pursuant to § 20 para. 7 sentence 2 of these Terms and Conditions for Software Use, the Customer shall indemnify STAR against such claims of the third party and reimburse STAR for all damage incurred in this connection. STAR shall notify the Customer in writing without delay in case any such claims are asserted against it.
8. In all other respects, the following provisions of these Terms and Conditions for Software Use shall apply by analogy to the provision of the Demo Software: § 7, § 9 (with the modification that § 9 para. 3 shall refer to this § 20), § 10 and § 22.

§ 21 Confidentiality

1. The confidentiality obligations of both Parties follow from a separate confidentiality agreement. If the Parties have not entered into such a separate confidentiality agreement, the following paras. 2 to 4 shall apply.
2. The Parties undertake to maintain secrecy for an unlimited period of time with regard to all confidential information that becomes accessible to them in connection with this agreement. Confidential information is information that a Party has either marked or in any other way designated in writing as protected or confidential, or information that, in light of the circumstances of its disclosure, the recipient Party must reasonably identify as confidential. Confidential information includes in particular, but without limitation, the License Materials.
3. The above confidentiality obligations will not apply if and to the extent the respective item of information demonstrably (i) is generally known or has become generally known without a party's fault and without violation of these obligations of confidentiality, (ii) is or becomes state of the art, (iii) was already known to the recipient Party at the time of its disclosure, which must be proved by documents evidencing such knowledge, (iv) was or is lawfully made known or accessible to the recipient Party by a third party, (v) has to be disclosed due to statutory provisions or enforceable official orders or court decisions. The burden of proving the existence of such an exception is borne by the respective recipient of the information. In any case, the respective affected Party must, to the extent possible, be informed in a timely manner prior to the disclosure of the information to third parties.
4. Both Parties will take suitable precautions to protect the confidential information of the respective other Party. Both Parties will disclose confidential information of the respective other Party to governing bodies, employees, consultants or sub-contractors only subject to this confidentiality obligation, which must likewise be imposed on the recipient.

§ 22 Miscellaneous

1. Should any individual provisions of these Terms and Conditions for Software Use be or become invalid, this shall not affect the validity of the other provisions.
2. For the purpose of handling the provision of the Software, STAR will store personal data of the Customer in an IT system and automatically process it. The data will not be used for any purposes in excess thereof. It will not be passed on to third parties.
3. The governing laws are the laws of the Federal Republic of Germany. The UN Convention on Contracts for the International Sale of Goods does not apply.
4. If the Customer is a merchant (*Kaufmann*), a legal entity under public law (*juristische Person des öffentlichen Rechts*) or a special fund under public law (*öffentlich-rechtliches Sondervermögen*), the exclusive legal venue for all disputes shall be Stuttgart. STAR is entitled, at its option, to file suit against the Customer at the latter's general legal venue.

2. Softwarenutzungsbedingungen

§ 1 Geltungsbereich

1. Die Softwarenutzungsbedingungen gelten für die Überlassung von Software durch STAR an den Kunden.
2. Erwirbt der Kunde von STAR Hardware, in der die Software vorinstalliert ist, gelten die Softwarenutzungsbedingungen auch für die vorinstallierte Kopie der Software.
3. Die Softwarenutzungsbedingungen regeln die entgeltliche Softwareüberlassung und die Überlassung von Demo Software, die Überlassung von Demo Software jedoch nur, soweit dies ausdrücklich in § 20 der Softwarenutzungsbedingungen vorgesehen ist. Bestimmungen der Softwarenutzungsbedingungen, die § 20 der Softwarenutzungsbedingungen nicht ausdrücklich auf die Überlassung von Demo Software für anwendbar erklärt, gelten ausschließlich für die entgeltliche Softwareüberlassung.

1. STAR räumt dem Kunden das Recht ein, die Software unter diesen Softwarenutzungsbedingungen zu nutzen. Für die Softwarenutzung bietet STAR die in § 6 dieser Softwarenutzungsbedingungen genannten Lizenzmodelle an. Die nachfolgenden Regelungen dieses § 5 der Softwarenutzungsbedingungen gelten für alle Lizenzmodelle, soweit in § 6 dieser Softwarenutzungsbedingungen nicht ausdrücklich etwas anderes geregelt ist. Jede über diese Softwarenutzungsbedingungen hinausgehende Nutzung oder Verwertung der Software ist ausgeschlossen.
2. Der Kunde erhält für die Dauer des Bestehens etwaiger Schutzrechte ein nicht ausschließliches Recht, die Software für die in der Anwenderdokumentation vorgesehenen Zwecke für den intern Gebrauch zu nutzen. Nutzung der Software ist dabei jede dauerhafte oder vorübergehende ganze oder teilweise Vervielfältigung der Software durch Speichern, Laden, Ablaufen oder Anzeigen zum Zweck der Ausführung der Software; jede anderweitige Vervielfältigung der Software ist mit Ausnahme der Anfertigung einer Sicherungskopie (§ 7 der Softwarenutzungsbedingungen) ausgeschlossen. Ausgeschlossen ist insbesondere, aber nicht nur, die Vervielfältigung der Software zum Zweck der unentgeltlichen oder entgeltlichen Weitergabe an Dritte.

3. Der Kunde darf die Software nur ändern oder bearbeiten, soweit dies zu der in der Anwenderdokumentation vorgesehenen Nutzung, zur Verbindung der Software mit einem anderen Computerprogramm oder zur Fehlerkorrektur erforderlich ist. Darüber hinaus darf der Kunde die Software nur ändern, wenn und soweit STAR dies dem Kunden ausdrücklich schriftlich erlaubt hat.
4. Der Kunde darf hinsichtlich der ihm an der Software eingeräumten Rechte Dritten keine Rechte einräumen. Ebenfalls darf der Kunde die ihm an der Software eingeräumten Rechte nicht an Dritte unterlizenzieren. § 18 der Softwarenutzungsbedingungen bleibt hiervon unberührt.

§ 6 Lizenzmodelle

1. STAR bietet dem Kunden für die Lizenzierung der Software die folgenden Lizenzmodelle an:

- a. „Single User License“

Der Kunde darf die Software zur gleichen Zeit nur durch einen Mitarbeiter auf einem Computer nutzen. Auf welchem Computer und durch welchen Mitarbeiter die Nutzung erfolgt, ist dem Kunden freigestellt. Dem Kunden ist es nicht gestattet, die Software auf dem Server eines Netzwerks vorzuhalten, soweit hierdurch eine zeitgleiche Mehrfachnutzung der Software ermöglicht wird. Will der Kunde die Software gleichzeitig durch mehrere Mitarbeiter oder auf mehreren Computern nutzen, muss der Kunde dies vorher schriftlich anzeigen und entgeltlich weitere Lizenzen für die Software bei STAR erwerben.

- b. „Floating License“

Der Kunde darf die Software zur gleichen Zeit durch mehrere Mitarbeiter auf verschiedenen Computern nutzen. Die Anzahl der gleichzeitig zur Nutzung berechtigten Mitarbeiter ergibt sich aus der Auftragsbestätigung. Durch welchen Mitarbeiter und auf welchen Computern die Nutzung erfolgt, ist dem Kunden freigestellt. Will der Kunde die Zahl der gleichzeitig zur Nutzung berechtigten Mitarbeiter erhöhen, muss der Kunde dies STAR vorher schriftlich anzeigen und entgeltlich weitere Lizenzen für die Software bei STAR erwerben.

- c. „Integrated Software License“

Die Integrated Software License gilt für Gerätetreiber, Firmware und Embedded Software. Der Kunde darf unter der Integrated Software License lizenzierte Software ausschließlich für den bestimmungsgemäßen Betrieb der gemeinsam mit dieser Software bei STAR erworbenen Hardware nutzen. Der bestimmungsgemäße Betrieb ergibt sich aus der jeweiligen Anwenderdokumentation. Jede anderweitige Nutzung der Software, insbesondere, aber nicht nur, die Nutzung der Software für Hardware, die der Kunde nicht gemeinsam mit der Software bei STAR erworben hat, ist ausgeschlossen.

- d. „Development Kit License“

Der Kunde darf die Software für das in der Auftragsbestätigung genannte Projekt nutzen. Will der Kunde die Software für andere Projekte nutzen, muss der Kunde dies vorher schriftlich STAR anzeigen und entgeltlich weitere Lizenzen für die Software bei STAR erwerben. Ist in der Auftragsbestätigung trotz der Angabe des Lizenzmodells „Development Kit License“ kein Projekt benannt, gilt die Development Kit License für das zur Lizenzvergabe sachnächste Projekt des Kunden. Die unter der Development Kit License lizenzierte Software darf im Rahmen des jeweiligen Projekts

- (i) abweichend von § 5 Abs. 2 dieser Softwarenutzungsbedingungen vom Kunden nicht nur für interne Zwecke, sondern auch für die Zwecke Dritter genutzt werden.
- (ii) abweichend von § 5 Abs. 2 dieser Softwarenutzungsbedingungen zum Zweck der unentgeltlichen oder entgeltlichen Weitergabe vom Kunden entwickelter Software vervielfältigt werden. Wobei die Weitergabe der Software an Dritte nur unter der Bedingung erlaubt ist, dass der Kunde dem Dritten die Datei „Copyright.txt“ weitergibt und sich der Dritte verpflichtet, die Einschränkungen aus der Auftragsbestätigung, der Anwenderdokumentation, den Softwarenutzungsbedingungen und den sich aus der Datei „Copyright.txt“ ergebenden Einschränkungen bei der Nutzung der Software einzuhalten.
- (iii) abweichend von § 5 Abs. 4 an Dritte unterlizenziert werden, sofern sich der jeweilige Dritte verpflichtet, die Einschränkungen aus der Auftragsbestätigung, der Anwenderdokumentation, diesen Softwarenutzungsbedingungen und den sich aus der Datei „Copyright.txt“ ergebenden Einschränkungen bei der Nutzung der Software einzuhalten. Jede Unterlizenz ist im Bestand und Umfang von der Hauptlizenz abhängig.

2. Gerätetreiber, Firmware und Embedded Software werden immer unter der Integrated Software License lizenziert. Im übrigen gilt: Soweit nicht ausdrücklich etwas anderes in der Auftragsbestätigung geregelt ist, erwirbt der Kunde nur eine „Single User License“.

§ 7 Sicherungskopie

Zur vertragsgemäßen Nutzung der Software und den darin enthaltenen Datenbeständen gehört die Herstellung einer Sicherungskopie. Die Sicherungskopie darf ausschließlich zu Sicherungszwecken verwendet werden. Der Kunde wird die Sicherungskopie an einem sicheren, für Dritte nicht zugänglichen Ort aufbewahren.

§ 8 Quellcode/Objektcode

1. Die Software wird dem Kunden im Objektcode als Download oder auf maschinenlesbaren Datenträgern überlassen.
2. Soweit in der Auftragsbestätigung nicht ausdrücklich etwas anderes geregelt ist, hat der Kunde keinen Anspruch auf die Überlassung des Quellcodes oder von Teilen des Quellcodes.
3. Eine Rückübersetzung des Objektcodes ist nur unter Einhaltung der gesetzlichen Beschränkungen gemäß § 69e UrhG zulässig. Weitergehende Rückübersetzungen sind ausgeschlossen.

§ 9 Anwenderdokumentation

1. Der Kunde erhält eine Anwenderdokumentation in druckschriftlicher Form und/oder in elektronischer Form auf maschinenlesbaren Datenträgern oder als Download.
2. Der Kunde darf die Anwenderdokumentation in druckschriftlicher Form nur mit vorheriger schriftlicher Zustimmung von STAR vervielfältigen. Erhält der Kunde die Anwenderdokumentation nur in elektronischer Form, darf der Kunde abweichend von Satz 1 eine Vervielfältigung der Anwenderdokumentation in druckschriftlicher Form für den eigenen internen Gebrauch erstellen.
3. Im Übrigen gelten für die Nutzung der Anwenderdokumentation in elektronischer Form § 5 bis § 7 der Softwarenutzungsbedingungen sinngemäß.

§ 10 Schutz des Lizenzmaterials

1. Der Kunde verpflichtet sich, die im Lizenzmaterial enthaltenen Schutzvermerke wie Copyrightvermerke und andere Rechtsvorbehalte zu beachten, unverändert beizubehalten sowie in der Sicherungskopie in unveränderter Form zu übernehmen.
2. Unbeschadet der auf Grund dieser Softwarenutzungsbedingungen eingeräumten Nutzungsrechte behält STAR alle Rechte am Lizenzmaterial einschließlich aller vom Kunden hergestellten Kopien oder Teilkopien desselben. Das Eigentum des Kunden an maschinenlesbaren Datenträgern und Hardware wird hiervon nicht berührt.

§ 11 Softwarepflege

1. Voraussetzung für die Leistung von Softwarepflege ist der Abschluss eines entgeltlichen Pflegevertrags. Ohne Pflegevertrag hat der Kunde keinen Anspruch auf Softwarepflege.
2. Gegenstand der Softwarepflege ist die Lieferung von Updates der Software, sobald STAR diese im normalen Geschäftsverkehr auch anderen Kunden zur Verfügung stellt.
3. Pflegeverträge haben eine Grundlaufzeit von einem Kalenderjahr beginnend mit dem Tag der Überlassung der jeweiligen Software. Wird der Pflegevertrag nicht spätestens zwei Kalendermonate vor Ablauf der Grundlaufzeit von einer der Vertragsparteien schriftlich gekündigt, verlängert sich der Pflegevertrag um ein weiteres Kalenderjahr. Satz 2 gilt für jede nachfolgende Verlängerung entsprechend.
4. Für die Nutzung von Updates der Software gelten diese Softwarenutzungsbedingungen in ihrer bei Lieferung des jeweiligen Updates gültigen Fassung.

§ 12 Gewährleistung für Rechtsmängel

1. Der Kunde wird STAR unverzüglich schriftlich benachrichtigen, falls ihm gegenüber Ansprüche wegen der Verletzung von Schutzrechten durch das Lizenzmaterial geltend gemacht werden.

2. Wird der Kunde an der vertragsgemäßen Nutzung des Lizenzmaterials durch Schutzrechte Dritter beeinträchtigt, so hat STAR in einem für den Kunden zumutbaren Umfang das Recht, nach der Wahl von STAR und auf Kosten von STAR entsprechende Lizenzen vom Dritten zu erwerben oder das Lizenzmaterial so zu ändern oder auszutauschen, dass es die Schutzrechte des Dritten nicht mehr beeinträchtigt.
3. STAR trifft keine Verpflichtung zur Rechtsmängelgewährleistung, soweit die Verletzung von Schutzrechten Dritter darauf beruht, dass der Kunde das Lizenzmaterial geändert oder bearbeitet hat, oder darauf, dass der Kunde die Software zusammen mit nicht von STAR gelieferter Hardware oder Computerprogrammen nutzt. Dies gilt auch, wenn die Ansprüche des Dritten auf einer Nutzung des Lizenzmaterials durch den Kunden beruhen, nachdem STAR den Kunden darauf hingewiesen hat, dass die Nutzung wegen eines Anspruchs von Dritten einzustellen ist.

§ 13 Gewährleistung für Sachmängel

1. Die vertragsgemäße Benutzung und die Einsatzbedingungen der Software ergeben sich aus der Anwenderdokumentation. Die Verantwortung für die Auswahl der Software und den Einsatz der Software einschließlich der durch deren Einsatz herbeizuführenden Leistungsergebnisse liegt allein beim Kunden.
2. Für die Software in der dem Kunden überlassenen Fassung gewährleistet STAR die Eignung für den vertragsgemäßen Gebrauch in Übereinstimmung mit der Anwenderdokumentation. Im Fall von erheblichen Abweichungen von der Anwenderdokumentation ist STAR zur Nachbesserung berechtigt und, soweit dies nicht mit unangemessenem Aufwand verbunden ist, auch verpflichtet. Ist dem Kunden das Abwarten auf das nächste Update der Software nicht zumutbar und gelingt es STAR innerhalb einer angemessenen Frist nicht, durch Nachbesserung die erheblichen Abweichungen der Software von der Anwenderdokumentation zu beseitigen oder so zu umgehen, dass dem Kunden der vertragsgemäße Gebrauch der Software ermöglicht wird, kann der Kunde nach seiner Wahl zurücktreten oder stattdessen eine Herabsetzung der Lizenzgebühr gemäß § 441 BGB verlangen.
3. STAR erfüllt die Gewährleistungspflichten während der üblichen Arbeitszeiten; insoweit entstehen für den Kunden keine Kosten. Soll STAR Gewährleistungspflichten außerhalb der üblichen Arbeitszeiten erfüllen, so ist eine schriftliche Zusatzvereinbarung zum Ausgleich der anfallenden Mehrkosten erforderlich.
4. Der Kunde ist verpflichtet, STAR nachprüfbar Unterlagen über Art und Auftreten von Abweichungen der Software von der Anwenderdokumentation zur Verfügung zu stellen und bei der Eingrenzung von Fehlern mitzuwirken.
5. Offensichtliche Mängel sind STAR innerhalb einer Frist von 2 (zwei) Wochen ab Empfang der Software anzuzeigen; anderenfalls ist die Geltendmachung des Gewährleistungsanspruchs ausgeschlossen. Zur Fristwahrung genügt die rechtzeitige Absendung der Mängelanzeige; die Beweislast hierfür trifft den Kunden. Ist der Kunde Kaufmann, gelten die Regelungen des § 377 HGB.
6. STAR trifft keine Verpflichtung zur Sachmängelgewährleistung, wenn der Kunde die Software geändert oder bearbeitet hat.
7. Ebenfalls trifft STAR keine Verpflichtung zur Sachmängelgewährleistung, wenn der Mangel der Software darauf beruht, dass der Kunde die Software zusammen mit nicht von STAR gelieferter Hardware oder Computerprogrammen nutzt.
8. Erbringt STAR in den Fällen des § 13 Abs. 6 und 7 dieser Softwarenutzungsbedingungen dennoch Arbeiten zur Mängelbeseitigung, hat der Kunde diese Arbeiten nach den zum Zeitpunkt der Ausführung dieser Arbeiten üblichen Sätzen von STAR zu vergüten.
9. Die vorstehenden Einschränkungen der Gewährleistungspflicht gelten nicht in Fällen, in denen STAR eine Garantie für die Beschaffenheit des Lizenzmaterials übernommen oder Mängel arglistig verschwiegen hat.

§ 14 Verjährung von Gewährleistungsansprüchen

Gewährleistungsansprüche verjähren – vorbehaltlich der Regelungen im folgenden Satz und in § 13 Abs. 9 der Softwarenutzungsbedingungen – in einem Jahr ab Ablieferung der Software. Schadensersatz- oder Aufwendungsersatzansprüche des Kunden bleiben hingegen durch die vorstehenden Regelungen unberührt und verjähren innerhalb der gesetzlichen Fristen; für Schadensersatz- und Aufwendungsersatzansprüche gelten die Regelungen in § 15 der Softwarenutzungsbedingungen.

§ 15 Haftung

1. STAR haftet dem Kunden bei der Verletzung wesentlicher Vertragspflichten (sogenannter Kardinalpflichten) auf Aufwendungs- und Schadensersatz (im Folgenden in § 15 der Softwarenutzungsbedingungen gemeinsam „**Schadensersatz**“). Kardinalpflichten sind alle Pflichten, deren Verletzung die Erreichung des Vertragszwecks gefährdet sowie alle Pflichten, deren Erfüllung die ordnungsgemäße Durchführung des Vertrags überhaupt erst ermöglicht und auf deren Einhaltung der Kunde regelmäßig vertrauen darf. Soweit jedoch die Verletzung einer Kardinalpflicht nur leicht fahrlässig geschah und nicht zu einer Verletzung von Leben, Körper oder Gesundheit führte, sind Ansprüche des Kunden auf Schadensersatz der Höhe nach auf den typischen vorhersehbaren Schaden beschränkt.
2. STAR haftet dem Kunde außerdem nach den Vorschriften des Produkthaftungsgesetzes, in Fällen des Vorsatzes und der groben Fahrlässigkeit, für die Verletzung des Lebens, des Körpers oder der Gesundheit, bei Übernahme einer Garantie sowie in allen anderen Fällen gesetzlich zwingender Haftung, jeweils nach Maßgabe der gesetzlichen Vorschriften.
3. Im Übrigen sind Ansprüche auf Schadensersatz gegen STAR – gleich aus welchem Rechtsgrund, insbesondere wegen Verletzung von Pflichten aus diesem Schuldverhältnis durch STAR, deren gesetzliche Vertreter, Mitarbeiter oder Erfüllungsgehilfen, aus § 311a BGB oder aus unerlaubter Handlung – ausgeschlossen.
4. Soweit nach den vorstehenden Regelungen die Haftung von STAR eingeschränkt oder ausgeschlossen ist, gilt das auch für die persönliche Haftung der gesetzlichen Vertreter, Mitarbeiter und Erfüllungsgehilfen von STAR.

§ 16 Einsatzbedingungen für die Software

1. Die dem Kunde überlassene Software wurde für den Einsatz auf bestimmter Hardware und für das Zusammenwirken mit bestimmten anderen Computerprogrammen entwickelt. Diese Einsatzbedingungen sind im Einzelnen in der jeweiligen Anwenderdokumentation angegeben, die vom Kunden zwingend zu beachten ist. Der Kunde ist verpflichtet, die Software vor dem produktiven Einsatz sorgfältig zu testen. Dies gilt insbesondere, aber nicht nur, wenn die Software in einem sicherheitskritischen Bereich eingesetzt werden soll.
2. Bei der Benutzung der Software ohne Einhaltung der Einsatzbedingungen gemäß § 16 Abs. 1 dieser Softwarenutzungsbedingungen entfällt die Verpflichtung zur Gewährleistung nach § 12 und § 13 dieser Softwarenutzungsbedingungen. Erbringt STAR dennoch Arbeiten zur Mängelbeseitigung, hat der Kunde diese Arbeiten nach den zum Zeitpunkt der Ausführung dieser Arbeiten üblichen Sätzen von STAR zu vergüten.
3. Machen Dritte gegenüber STAR Ansprüche geltend und beruhen diese Ansprüche darauf, dass der Kunde, dessen gesetzliche Vertreter, Mitarbeiter oder Erfüllungsgehilfen die Software schuldhaft ohne Einhaltung der Einsatzbedingungen gemäß § 16 Abs. 1 dieser Softwarenutzungsbedingungen genutzt haben, wird der Kunde STAR von diesen Ansprüchen des Dritten freistellen und STAR alle in diesem Zusammenhang entstehenden Schäden ersetzen. STAR wird den Kunden unverzüglich schriftlich benachrichtigen, falls STAR gegenüber Ansprüche im Sinne von Satz 1 geltend gemacht werden.

§ 17 Testphase

1. Der Kunde darf die Software vor der produktiven Nutzung kostenlos testen, wenn dies ausdrücklich in der Auftragsbestätigung vorgesehen ist. In diesem Fall ergeben sich auch die einzelnen Modalitäten der Testphase (Dauer, etc.) aus der Auftragsbestätigung.
2. In jedem Fall endet die Testphase, wenn der Kunde mit der produktiven Nutzung der Software beginnt. Der Kunde ist verpflichtet, STAR den Beginn der produktiven Nutzung schriftlich anzuzeigen.

§ 18 Weitergabe des Lizenzmaterials

1. Der Kunde ist berechtigt, das Lizenzmaterial im Originalzustand zusammen mit einer Kopie dieser Softwarenutzungsbedingungen und der Auftragsbestätigung an einen Dritten abzugeben, soweit der Kunde STAR den Namen und die vollständige Adresse des Dritten schriftlich mitteilt und sich der Dritte gegenüber STAR verpflichtet, die Einschränkungen aus der Auftragsbestätigung, der Anwenderdokumentation und diesen Softwarenutzungsbedingungen bei der Nutzung der Software einzuhalten. Diese Berechtigung zur Weitergabe des Lizenzmaterials erstreckt sich nicht auf geänderte oder bearbeitete Fassungen des Lizenzmaterials.
2. Mit der Weitergabe des Lizenzmaterials unter Einhaltung der Voraussetzungen gemäß § 18 Abs. 1 der Softwarenutzungsbedingungen geht die Berechtigung zur Nutzung des Lizenzmaterials auf den Dritten über, der damit im Sinne der Softwarenutzungsbedingungen an die Stelle des Kunden tritt. Zugleich erlischt die Berechtigung des Kunden, die Software zu nutzen.

3. Mit der Weitergabe des Lizenzmaterials hat der Kunde alle Kopien und Teilkopien des Lizenzmaterials sowie geänderte oder bearbeitete Fassungen des Lizenzmaterials umgehend und vollständig zu löschen oder auf andere Weise zu vernichten. Dies gilt auch für die Sicherungskopie gemäß § 7 der Softwarenutzungsbedingungen.
4. § 18 Abs. 1 bis 3 der Softwarenutzungsbedingungen gelten auch, wenn die Weitergabe in einer zeitweiser Überlassung besteht. Die Vermietung des Lizenzmaterials oder von Teilen davon ist jedoch ausgeschlossen.
5. Für nachfolgende Weitergaben des Lizenzmaterials gelten § 18 Abs. 1 bis 4 der Softwarenutzungsbedingungen entsprechend.
6. Die vorstehenden Regelungen dieses § 18 der Softwarenutzungsbedingungen gelten nicht für Software, die unter dem Lizenzmodell „Development Kit License“ lizenziert wird. Die Weitergabe dieser Software an Dritte ist nur unter den in § 6 Abs. 1 lit. d der Softwarenutzungsbedingungen geregelten Voraussetzungen zulässig.

§ 19 Lizenzgebühr/ Pflegegebühren

1. Der Kunde zahlt die in der Auftragsbestätigung ausgewiesenen Lizenz- und Pflegegebühren. Die in der Auftragsbestätigung aufgeführten Beträge enthalten keine Umsatzsteuer, diese wird gesondert mit dem jeweils gültigen Satz in Rechnung gestellt.
2. Im Übrigen gelten für die Zahlung der Lizenz- und der Pflegegebühren die Allgemeinen Verkaufsbedingungen von STAR, die dem Kunden vor Vertragsschluss zur Verfügung gestellt worden sind.

§ 20 Demosoftware

1. STAR bietet neben der entgeltlichen Software auch Demosoftware im Objektcode auf maschinenlesbaren Datenträgern oder als Download an. Der Kunde hat keinen Anspruch auf die Überlassung von Demosoftware, auf die Überlassung des Quellcodes oder von Teilen des Quellcodes von Demosoftware oder auf die Überlassung von Updates von Demosoftware.
2. Der Vertrag zwischen dem Kunden und STAR über die Überlassung von Demosoftware kommt durch die Ingebrauchnahme der Demosoftware durch den Kunden zustande.
3. Der Kunde erhält für die Dauer des Bestehens etwaiger Schutzrechte ein nicht ausschließliches Recht, die Demosoftware für die in der Anwenderdokumentation vorgesehenen Zwecke intern zu nutzen. Nutzung der Demosoftware ist dabei jede dauerhafte oder vorübergehende ganze oder teilweise Vervielfältigung der Demosoftware durch Speichern, Laden, Ablaufen oder Anzeigen zum Zweck der Ausführung der Demosoftware; jede anderweitige Vervielfältigung der Demosoftware ist mit Ausnahme der Anfertigung einer Sicherungskopie (§ 7 der Softwarenutzungsbedingungen) ausgeschlossen. Ausgeschlossen ist insbesondere, aber nicht nur, die Vervielfältigung der Demosoftware zum Zweck der entgeltlichen oder unentgeltlichen Weitergabe an Dritte.
4. Der Kunde hat kein Recht, die Demosoftware zu ändern oder zu bearbeiten. Eine Rückübersetzung des Objektcodes ist ausschließlich unter den gesetzlichen Beschränkungen gemäß § 69e UrhG zulässig. Weitergehende Rückübersetzungen sind ausgeschlossen.
5. Der Kunde darf hinsichtlich der ihm an der Demosoftware eingeräumten Rechte Dritten keine Rechte einräumen. Ebenfalls darf der Kunde die ihm an der Demosoftware eingeräumten Rechte nicht an Dritte unterlizenzieren.
6. Für Rechts- und Sachmängel der Demosoftware und der jeweiligen Anwenderdokumentation haftet STAR nur, wenn STAR einen Mangel arglistig verschweigt. Außerhalb der Mängelgewährleistung haftet STAR nur für Vorsatz und grobe Fahrlässigkeit. Im Übrigen ist die Haftung von STAR ausgeschlossen. Soweit nach den vorstehenden Regelungen die Haftung von STAR eingeschränkt oder ausgeschlossen ist, gilt das auch für die persönliche Haftung der gesetzlichen Vertreter, Mitarbeiter und Erfüllungsgehilfen von STAR.
7. Die dem Kunde überlassene Demosoftware wurde für den Einsatz auf bestimmter Hardware und für das Zusammenwirken mit bestimmten anderen Computerprogrammen entwickelt. Diese Einsatzbedingungen sind im Einzelnen in der jeweiligen Anwenderdokumentation angegeben. Machen Dritte gegenüber STAR Ansprüche geltend und beruhen diese Ansprüche darauf, dass der Kunde, dessen gesetzliche Vertreter, Mitarbeiter oder Erfüllungsgehilfen die Demosoftware schuldhaft ohne Einhaltung der Einsatzbedingungen gemäß § 20 Abs. 7 Satz 2 der Softwarenutzungsbedingungen genutzt haben, wird der Kunde STAR von diesen Ansprüchen des Dritten freistellen und STAR alle in diesem Zusammenhang entstehenden Schäden ersetzen. STAR wird den Kunden unverzüglich schriftlich benachrichtigen, falls STAR gegenüber derartige Ansprüche geltend gemacht werden.

8. Auf die Überlassung der Demosoftware sind im Übrigen sinngemäß folgende Bestimmungen der Softwarenutzungsbedingungen anwendbar: § 7, § 9 (mit der Änderung, dass § 9 Abs. 3 auf diesen § 20 verweist), § 10, § 22.

§ 21 Geheimhaltung

1. Die Geheimhaltungspflichten beider Vertragsparteien ergeben sich aus einer gesonderten Geheimhaltungsvereinbarung. Haben die Vertragsparteien keine gesonderte Geheimhaltungsvereinbarung abgeschlossen, gelten die nachfolgenden Abs. 2 bis 4.
2. Die Vertragsparteien verpflichten sich, sämtliche ihnen im Zusammenhang mit diesem Vertrag zugänglich werdenden vertraulichen Informationen unbefristet geheim zu halten. Vertrauliche Informationen sind Informationen, die entweder durch eine Vertragspartei als geschützt oder vertraulich markiert oder in anderer Weise schriftlich gekennzeichnet sind, oder Informationen, die gemäß den Umständen ihrer Offenlegung von der empfangenden Vertragspartei vernünftigerweise als vertraulich erkennbar sind. Zu den vertraulichen Informationen gehört insbesondere, aber nicht nur, das Lizenzmaterial.
3. Die vorstehende Geheimhaltungsverpflichtung gilt nicht, wenn und soweit die jeweiligen Informationen nachweislich (i) allgemein bekannt sind oder ohne Verschulden einer Vertragspartei und ohne Verstoß gegen diese Geheimhaltungsverpflichtung allgemein bekannt werden, (ii) Stand der Technik sind oder werden, (iii) der empfangenden Vertragspartei zum Zeitpunkt der Übermittlung bereits bekannt sind, was durch Unterlagen bewiesen werden muss, die eine solche Kenntnis belegen, (iv) der empfangenden Vertragspartei von einem Dritten rechtmäßig bekannt oder zugänglich gemacht wurden oder werden, (iv) aufgrund gesetzlicher Vorschriften oder vollstreckbarer behördlicher Verfügungen oder gerichtlicher Entscheidungen offengelegt werden müssen. Die Beweislast für das Vorliegen eines Ausnahmetatbestandes trägt der jeweilige Informationsempfänger. In jedem Fall ist die jeweils betroffene Vertragspartei rechtzeitig vor der Weitergabe der Informationen an Dritte zu informieren, soweit dies möglich ist.
4. Beide Parteien werden angemessene Vorkehrungen zur Sicherung der vertraulichen Informationen der jeweils anderen Partei treffen. Beide Parteien werden vertrauliche Informationen der jeweils anderen Partei Organen, Mitarbeitern, Beratern oder Subunternehmern nur offen legen vorbehaltlich dieser Vertraulichkeitsverpflichtung, der die Empfänger dann entsprechend zu unterwerfen sind.

§ 22 Sonstiges

1. Sollten einzelne Bestimmungen der Softwarenutzungsbedingungen unwirksam sein oder werden, so wird die Wirksamkeit der übrigen Bestimmungen hierdurch nicht berührt.
2. STAR wird personenbezogene Daten des Kunden zum Zweck der Abwicklung der Softwareüberlassung in einer EDV-Anlage speichern und automatisch verarbeiten. Zu darüber hinausgehenden Zwecken werden die Daten nicht verwendet. Eine Weitergabe der Daten an Dritte erfolgt nicht.
3. Es gilt das Recht der Bundesrepublik Deutschland. Das UN-Übereinkommen über Verträge über den internationalen Warenkauf findet keine Anwendung.
4. Ist der Kunde Kaufmann, juristische Person des öffentlichen Rechts oder öffentlich-rechtliches Sondervermögen, ist ausschließlicher Gerichtsstand für alle Streitigkeiten aus oder im Zusammenhang mit diesem Vertrag Stuttgart. STAR ist berechtigt, den Kunden wahlweise an dessen allgemeinem Gerichtsstand zu verklagen.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely

responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

GNU GENERAL PUBLIC LICENSE

Version 2, June 1991

Copyright (C) 1989, 1991 Free Software Foundation, Inc., 51 Franklin Street, Fifth Floor, Boston, MA 02110-1301 USA Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

Preamble

The licenses for most software are designed to take away your freedom to share and change it. By contrast, the GNU General Public License is intended to guarantee your freedom to share and change free software--to make sure the software is free for all its users. This General Public License applies to most of the Free Software Foundation's software and to any other program whose authors commit to using it. (Some other Free Software Foundation software is covered by the GNU Lesser General Public License instead.) You can apply it to your programs, too.

When we speak of free software, we are referring to freedom, not price. Our General Public Licenses are designed to make sure that you have the freedom to distribute copies of free software (and charge for this service if you wish), that you receive source code or can get it if you want it, that you can change the software or use pieces of it in new free programs; and that you know you can do these things.

To protect your rights, we need to make restrictions that forbid anyone to deny you these rights or to ask you to surrender the rights. These restrictions translate to certain responsibilities for you if you distribute copies of the software, or if you modify it.

For example, if you distribute copies of such a program, whether gratis or for a fee, you must give the recipients all the rights that you have. You must make sure that they, too, receive or can get the source code. And you must show them these terms so they know their rights.

We protect your rights with two steps: (1) copyright the software, and (2) offer you this license which gives you legal permission to copy, distribute and/or modify the software.

Also, for each author's protection and ours, we want to make certain that everyone understands that there is no warranty for this free software. If the software is modified by someone else and passed on, we want its recipients to know that what they have is not the original, so that any problems introduced by others will not reflect on the original authors' reputations.

Finally, any free program is threatened constantly by software patents. We wish to avoid the danger that redistributors of a free program will individually obtain patent licenses, in effect making the program proprietary. To prevent this, we have made it clear that any patent must be licensed for everyone's free use or not licensed at all.

The precise terms and conditions for copying, distribution and modification follow.

GNU GENERAL PUBLIC LICENSE

TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

0. This License applies to any program or other work which contains a notice placed by the copyright holder saying it may be distributed under the terms of this General Public License. The "Program", below, refers to any such program or work, and a "work based on the Program" means either the Program or any derivative work under copyright law: that is to say, a work containing the Program or a portion of it, either verbatim or with modifications and/or translated into another language. (Hereinafter, translation is included without limitation in the term "modification".) Each licensee is addressed as "you".

Activities other than copying, distribution and modification are not covered by this License; they are outside its scope. The act of running the Program is not restricted, and the output from the Program is covered only if its contents constitute a work based on the Program (independent of having been made by running the Program). Whether that is true depends on what the Program does.

1. You may copy and distribute verbatim copies of the Program's source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice and disclaimer of warranty; keep intact all the notices that refer to this License and to the absence of any warranty; and give any other recipients of the Program a copy of this License along with the Program.

You may charge a fee for the physical act of transferring a copy, and you may at your option offer warranty protection in exchange for a fee.

2. You may modify your copy or copies of the Program or any portion of it, thus forming a work based on the Program, and copy and distribute such modifications or work under the terms of Section 1 above, provided that you also meet all of these conditions:

- a) You must cause the modified files to carry prominent notices stating that you changed the files and the date of any change.
- b) You must cause any work that you distribute or publish, that in whole or in part contains or is derived from the Program or any part thereof, to be licensed as a whole at no charge to all third parties under the terms of this License.

c) If the modified program normally reads commands interactively when run, you must cause it, when started running for such interactive use in the most ordinary way, to print or display an announcement including an appropriate copyright notice and a notice that there is no warranty (or else, saying that you provide a warranty) and that users may redistribute the program under these conditions, and telling the user how to view a copy of this License. (Exception: if the Program itself is interactive but does not normally print such an announcement, your work based on the Program is not required to print an announcement.)

These requirements apply to the modified work as a whole. If identifiable sections of that work are not derived from the Program, and can be reasonably considered independent and separate works in themselves, then this License, and its terms, do not apply to those sections when you distribute them as separate works. But when you distribute the same sections as part of a whole which is a work based on the Program, the distribution of the whole must be on the terms of this License, whose permissions for other licensees extend to the entire whole, and thus to each and every part regardless of who wrote it.

Thus, it is not the intent of this section to claim rights or contest your rights to work written entirely by you; rather, the intent is to exercise the right to control the distribution of derivative or collective works based on the Program.

In addition, mere aggregation of another work not based on the Program with the Program (or with a work based on the Program) on a volume of a storage or distribution medium does not bring the other work under the scope of this License.

3. You may copy and distribute the Program (or a work based on it, under Section 2) in object code or executable form under the terms of Sections 1 and 2 above provided that you also do one of the following:

a) Accompany it with the complete corresponding machine-readable source code, which must be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,

b) Accompany it with a written offer, valid for at least three years, to give any third party, for a charge no more than your cost of physically performing source distribution, a complete machine-readable copy of the corresponding source code, to be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,

c) Accompany it with the information you received as to the offer to distribute corresponding source code. (This alternative is allowed only for noncommercial distribution and only if you received the program in object code or executable form with such an offer, in accord with Subsection b above.)

The source code for a work means the preferred form of the work for making modifications to it. For an executable work, complete source code means all the source code for all modules it contains,

plus any associated interface definition files, plus the scripts used to control compilation and installation of the executable. However, as a special exception, the source code distributed need not include anything that is normally distributed (in either source or binary form) with the major components (compiler, kernel, and so on) of the operating system on which the executable runs, unless that component itself accompanies the executable.

If distribution of executable or object code is made by offering access to copy from a designated place, then offering equivalent access to copy the source code from the same place counts as distribution of the source code, even though third parties are not compelled to copy the source along with the object code.

4. You may not copy, modify, sublicense, or distribute the Program except as expressly provided under this License. Any attempt otherwise to copy, modify, sublicense or distribute the Program is void, and will automatically terminate your rights under this License. However, parties who have received copies, or rights, from you under this License will not have their licenses terminated so long as such parties remain in full compliance.

5. You are not required to accept this License, since you have not signed it. However, nothing else grants you permission to modify or distribute the Program or its derivative works. These actions are prohibited by law if you do not accept this License. Therefore, by modifying or distributing the Program (or any work based on the Program), you indicate your acceptance of this License to do so, and all its terms and conditions for copying, distributing or modifying the Program or works based on it.

6. Each time you redistribute the Program (or any work based on the Program), the recipient automatically receives a license from the original licensor to copy, distribute or modify the Program subject to these terms and conditions. You may not impose any further restrictions on the recipients' exercise of the rights granted herein. You are not responsible for enforcing compliance by third parties to this License.

7. If, as a consequence of a court judgment or allegation of patent infringement or for any other reason (not limited to patent issues), conditions are imposed on you (whether by court order, agreement or otherwise) that contradict the conditions of this License, they do not excuse you from the conditions of this License. If you cannot distribute so as to satisfy simultaneously your obligations under this License and any other pertinent obligations, then as a consequence you may not distribute the Program at all. For example, if a patent license would not permit royalty-free redistribution of the Program by all those who receive copies directly or indirectly through you, then the only way you could satisfy both it and this License would be to refrain entirely from distribution of the Program.

If any portion of this section is held invalid or unenforceable under any particular circumstance, the balance of the section is intended to apply and the section as a whole is intended to apply in other circumstances.

It is not the purpose of this section to induce you to infringe any patents or other property right claims or to contest validity of any such claims; this section has the sole purpose of protecting the integrity of the free software distribution system, which is implemented by public license practices. Many people have made generous contributions to the wide range of software distributed through that system in reliance on consistent application of that system; it is up to the author/donor to decide if he or she is willing to distribute software through any other system and a licensee cannot impose that choice.

This section is intended to make thoroughly clear what is believed to be a consequence of the rest of this License.

8. If the distribution and/or use of the Program is restricted in certain countries either by patents or by copyrighted interfaces, the original copyright holder who places the Program under this License may add an explicit geographical distribution limitation excluding those countries, so that distribution is permitted only in or among countries not thus excluded. In such case, this License incorporates the limitation as if written in the body of this License.

9. The Free Software Foundation may publish revised and/or new versions of the General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.

Each version is given a distinguishing version number. If the Program specifies a version number of this License which applies to it and "any later version", you have the option of following the terms and conditions either of that version or of any later version published by the Free Software Foundation. If the Program does not specify a version number of this License, you may choose any version ever published by the Free Software Foundation.

10. If you wish to incorporate parts of the Program into other free programs whose distribution conditions are different, write to the author to ask for permission. For software which is copyrighted by the Free Software Foundation, write to the Free Software Foundation; we sometimes make exceptions for this. Our decision will be guided by the two goals of preserving the free status of all derivatives of our free software and of promoting the sharing and reuse of software generally.

NO WARRANTY

11. BECAUSE THE PROGRAM IS LICENSED FREE OF CHARGE, THERE IS NO WARRANTY FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE PROGRAM "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH YOU. SHOULD THE PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

12. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY AND/OR REDISTRIBUTE THE PROGRAM AS PERMITTED ABOVE, BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE PROGRAM TO OPERATE WITH ANY OTHER PROGRAMS), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

0. This License applies to any program or other work which contains a notice placed by the copyright holder saying it may be distributed under the terms of this General Public License. The "Program", below, refers to any such program or work, and a "work based on the Program" means either the Program or any derivative work under copyright law: that is to say, a work containing the Program or a portion of it, either verbatim or with modifications and/or translated into another language. (Hereinafter, translation is included without limitation in the term "modification".) Each licensee is addressed as "you".

The act of running the Program is not restricted, and the output from the Program is covered only if its contents constitute a work based on the Program (independent of having been made by running the Program). Whether that is true depends on what the Program does.

1. You may copy and distribute verbatim copies of the Program's source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice and disclaimer of warranty; keep intact all the notices that refer to this License and to the absence of any warranty; and give any other recipients of the Program a copy of this License along with the Program. 2. You may modify your copy or copies of the Program or any portion of it, thus forming a work based on the Program, and copy and distribute such modifications or work under the terms of Section 1 above, provided that you also meet all of these conditions:

- a) You must cause the modified files to carry prominent notices stating that you changed the files and the date of any change.
- b) You must cause any work that you distribute or publish, that in whole or in part contains or is derived from the Program or any part thereof, to be licensed as a whole at no charge to all third parties under the terms of this License.

(Exception: if the Program itself is interactive but does not normally print such an announcement, your work based on the Program is not required to print an announcement.)

These requirements apply to the modified work as a whole. If identifiable sections of that work are not derived from the Program, and can be reasonably considered independent and separate works in themselves, then this License, and its terms, do not apply to those sections when you distribute them as separate works. But when you distribute the same sections as part of a whole which is a work based on the Program, the distribution of the whole must be on the terms of this License, whose permissions for other licensees extend to the entire whole, and thus to each and every part regardless of who wrote it.

Thus, it is not the intent of this section to claim rights or contest your rights to work written entirely by you; rather, the intent is to exercise the right to control the distribution of derivative or collective works based on the Program.

In addition, mere aggregation of another work not based on the Program with the Program (or with a work based on the Program) on a volume of a storage or distribution medium does not bring the other work under the scope of this License.

3. You may copy and distribute the Program (or a work based on it, under Section 2) in object code or executable form under the terms of Sections 1 and 2 above provided that you also do one of the following:

- a) Accompany it with the complete corresponding machine-readable source code, which must be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,

- c) Accompany it with the information you received as to the offer to distribute corresponding source code. GNU LESSER GENERAL PUBLIC LICENSE

Version 3, 29 June 2007

Copyright © 2007 Free Software Foundation, Inc. <<http://fsf.org/>>

Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

This version of the GNU Lesser General Public License incorporates the terms and conditions of version 3 of the GNU General Public License, supplemented by the additional permissions listed below.

0. Additional Definitions.

As used herein, “this License” refers to version 3 of the GNU Lesser General Public License, and the “GNU GPL” refers to version 3 of the GNU General Public License.

“The Library” refers to a covered work governed by this License, other than an Application or a Combined Work as defined below.

An “Application” is any work that makes use of an interface provided by the Library, but which is not otherwise based on the Library. Defining a subclass of a class defined by the Library is deemed a mode of using an interface provided by the Library.

A “Combined Work” is a work produced by combining or linking an Application with the Library. The particular version of the Library with which the Combined Work was made is also called the “Linked Version”.

The “Minimal Corresponding Source” for a Combined Work means the Corresponding Source for the Combined Work, excluding any source code for portions of the Combined Work that, considered in isolation, are based on the Application, and not on the Linked Version.

The “Corresponding Application Code” for a Combined Work means the object code and/or source code for the Application, including any data and utility programs needed for reproducing the Combined Work from the Application, but excluding the System Libraries of the Combined Work.

1. Exception to Section 3 of the GNU GPL.

You may convey a covered work under sections 3 and 4 of this License without being bound by section 3 of the GNU GPL.

2. Conveying Modified Versions.

If you modify a copy of the Library, and, in your modifications, a facility refers to a function or data to be supplied by an Application that uses the facility (other than as an argument passed when the facility is invoked), then you may convey a copy of the modified version:

- a) under this License, provided that you make a good faith effort to ensure that, in the event an Application does not supply the function or data, the facility still operates, and performs whatever part of its purpose remains meaningful, or
- b) under the GNU GPL, with none of the additional permissions of this License applicable to that copy.

3. Object Code Incorporating Material from Library Header Files.

The object code form of an Application may incorporate material from a header file that is part of the Library. You may convey such object code under terms of your choice, provided that, if the incorporated material is not limited to numerical parameters, data structure layouts and accessors, or small macros, inline functions and templates (ten or fewer lines in length), you do both of the following:

- a) Give prominent notice with each copy of the object code that the Library is used in it and that the Library and its use are covered by this License.
- b) Accompany the object code with a copy of the GNU GPL and this license document.

4. Combined Works.

You may convey a Combined Work under terms of your choice that, taken together, effectively do not restrict modification of the portions of the Library contained in the Combined Work and reverse engineering for debugging such modifications, if you also do each of the following:

- a) Give prominent notice with each copy of the Combined Work that the Library is used in it and that the Library and its use are covered by this License.
- b) Accompany the Combined Work with a copy of the GNU GPL and this license document.
- c) For a Combined Work that displays copyright notices during execution, include the copyright notice for the Library among these notices, as well as a reference directing the user to the copies of the GNU GPL and this license document.
- d) Do one of the following:
 - 0) Convey the Minimal Corresponding Source under the terms of this License, and the Corresponding Application Code in a form suitable for, and under terms that permit, the user to recombine or relink the Application with a modified version of the Linked Version to produce a modified Combined Work, in the manner specified by section 6 of the GNU GPL for conveying Corresponding Source.
 - 1) Use a suitable shared library mechanism for linking with the Library. A suitable mechanism is one that (a) uses at run time a copy of the Library already present on the user's computer system, and (b) will operate properly with a modified version of the Library that is interface-compatible with the Linked Version.
- e) Provide Installation Information, but only if you would otherwise be required to provide such information under section 6 of the GNU GPL, and only to the extent that such information is necessary to install and execute a modified version of the Combined Work produced by recombining or relinking the Application with a modified version of the Linked Version. (If you use option 4d0, the Installation Information must accompany the Minimal Corresponding Source and Corresponding Application Code. If you use option 4d1, you

must provide the Installation Information in the manner specified by section 6 of the GNU GPL for conveying Corresponding Source.)

5. Combined Libraries.

You may place library facilities that are a work based on the Library side by side in a single library together with other library facilities that are not Applications and are not covered by this License, and convey such a combined library under terms of your choice, if you do both of the following:

- a) Accompany the combined library with a copy of the same work based on the Library, uncombined with any other library facilities, conveyed under the terms of this License.
- b) Give prominent notice with the combined library that part of it is a work based on the Library, and explaining where to find the accompanying uncombined form of the same work.

6. Revised Versions of the GNU Lesser General Public License.

The Free Software Foundation may publish revised and/or new versions of the GNU Lesser General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.

Each version is given a distinguishing version number. If the Library as you received it specifies that a certain numbered version of the GNU Lesser General Public License “or any later version” applies to it, you have the option of following the terms and conditions either of that published version or of any later version published by the Free Software Foundation. If the Library as you received it does not specify a version number of the GNU Lesser General Public License, you may choose any version of the GNU Lesser General Public License ever published by the Free Software Foundation.

If the Library as you received it specifies that a proxy can decide whether future versions of the GNU Lesser General Public License shall apply, that proxy's public statement of acceptance of any version is permanent authorization for you to choose that version for the Library.

- a. that the initial Contributor has attached the notice described in Exhibit B to the Covered Software; or
- b. that the Covered Software was made available under the terms of version 1.1 or earlier of the License, but not also under the terms of a Secondary License.

1.6. “Executable Form”

means any patent claim(s), including without limitation, method, process, and apparatus claims, in any patent Licensable by such Contributor that would be infringed, but for the grant of the License, by the making, using, selling, offering for sale, having made, import, or transfer of either its Contributions or its Contributor Version.

1.12. “Secondary License”

means either the GNU General Public License, Version 2.0, the GNU Lesser General Public License, Version 2.1, the GNU Affero General Public License, Version 3.0, or any later versions of those licenses.

1.13. “Source Code Form”

1.14. “You” (or “Your”)

For purposes of this definition, “control” means (a) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (b) ownership of more than fifty percent (50%) of the outstanding shares or beneficial ownership of such entity.

2. License Grants and Conditions

2.1. Grants

Each Contributor hereby grants You a world-wide, royalty-free, non-exclusive license:

- a. under intellectual property rights (other than patent or trademark) Licensable by such Contributor to use, reproduce, make available, modify, display, perform, distribute, and

- otherwise exploit its Contributions, either on an unmodified basis, with Modifications, or as part of a Larger Work; and
- b. under Patent Claims of such Contributor to make, use, sell, offer for sale, have made, import, and otherwise transfer either its Contributions or its Contributor Version.

2.2. Effective Date

The licenses granted in Section 2.1 with respect to any Contribution become effective for each Contribution on the date the Contributor first distributes such Contribution.

2.3. Limitations on Grant Scope

The licenses granted in this Section 2 are the only rights granted under this License. No additional rights or licenses will be implied from the distribution or licensing of Covered Software under this License. Notwithstanding Section 2.1(b) above, no patent license is granted by a Contributor:

- a. for any code that a Contributor has removed from Covered Software; or
- b. for infringements caused by: (i) Your and any other third party's modifications of Covered Software, or (ii) the combination of its Contributions with other software (except as part of its Contributor Version); or
- c. under Patent Claims infringed by Covered Software in the absence of its Contributions.

This License does not grant any rights in the trademarks, service marks, or logos of any Contributor (except as may be necessary to comply with the notice requirements in Section 3.4).

2.4. Subsequent Licenses

No Contributor makes additional grants as a result of Your choice to distribute the Covered Software under a subsequent version of this License (see Section 10.2) or under the terms of a Secondary License (if permitted under the terms of Section 3.3).

2.5. Representation

Each Contributor represents that the Contributor believes its Contributions are its original creation(s) or it has sufficient rights to grant the rights to its Contributions conveyed by this License.

2.6. Fair Use

This License is not intended to limit any rights You have under applicable copyright doctrines of fair use, fair dealing, or other equivalents.

2.7. Conditions

Sections 3.1, 3.2, 3.3, and 3.4 are conditions of the licenses granted in Section 2.1.

3. Responsibilities

3.1. Distribution of Source Form

All distribution of Covered Software in Source Code Form, including any Modifications that You create or to which You contribute, must be under the terms of this License. You must inform recipients that the Source Code Form of the Covered Software is governed by the terms of this License, and how they can obtain a copy of this License. You may not attempt to alter or restrict the recipients' rights in the Source Code Form.

3.2. Distribution of Executable Form

If You distribute Covered Software in Executable Form then:

- a. such Covered Software must also be made available in Source Code Form, as described in Section 3.1, and You must inform recipients of the Executable Form how they can obtain a copy of such Source Code Form by reasonable means in a timely manner, at a charge no more than the cost of distribution to the recipient; and
- b. You may distribute such Executable Form under the terms of this License, or sublicense it under different terms, provided that the license for the Executable Form does not attempt to limit or alter the recipients' rights in the Source Code Form under this License.

3.3. Distribution of a Larger Work

You may create and distribute a Larger Work under terms of Your choice, provided that You also comply with the requirements of this License for the Covered Software. If the Larger Work is a combination of Covered Software with a work governed by one or more Secondary Licenses, and the Covered Software is not Incompatible With Secondary Licenses, this License permits You to additionally distribute such Covered Software under the terms of such Secondary License(s), so that the recipient of the Larger Work may, at their option, further distribute the Covered Software under the terms of either this License or such Secondary License(s).

3.4. Notices

You may not remove or alter the substance of any license notices (including copyright notices, patent notices, disclaimers of warranty, or limitations of liability) contained within the Source Code Form of the Covered Software, except that You may alter any license notices to the extent required to remedy known factual inaccuracies.

3.5. Application of Additional Terms

You may choose to offer, and to charge a fee for, warranty, support, indemnity or liability obligations to one or more recipients of Covered Software. However, You may do so only on Your own behalf, and not on behalf of any Contributor. You must make it absolutely clear that any such warranty, support, indemnity, or liability obligation is offered by You alone, and You hereby agree to indemnify every Contributor for any liability incurred by such Contributor as a result of warranty, support, indemnity or liability terms You offer. You may include additional disclaimers of warranty and limitations of liability specific to any jurisdiction.

4. Inability to Comply Due to Statute or Regulation

If it is impossible for You to comply with any of the terms of this License with respect to some or all of the Covered Software due to statute, judicial order, or regulation then You must: (a) comply with the terms of this License to the maximum extent possible; and (b) describe the limitations and

the code they affect. Such description must be placed in a text file included with all distributions of the Covered Software under this License. Except to the extent prohibited by statute or regulation, such description must be sufficiently detailed for a recipient of ordinary skill to be able to understand it.

5. Termination

5.1. The rights granted under this License will terminate automatically if You fail to comply with any of its terms. However, if You become compliant, then the rights granted under this License from a particular Contributor are reinstated (a) provisionally, unless and until such Contributor explicitly and finally terminates Your grants, and (b) on an ongoing basis, if such Contributor fails to notify You of the non-compliance by some reasonable means prior to 60 days after You have come back into compliance. Moreover, Your grants from a particular Contributor are reinstated on an ongoing basis if such Contributor notifies You of the non-compliance by some reasonable means, this is the first time You have received notice of non-compliance with this License from such Contributor, and You become compliant prior to 30 days after Your receipt of the notice.

5.2. If You initiate litigation against any entity by asserting a patent infringement claim (excluding declaratory judgment actions, counter-claims, and cross-claims) alleging that a Contributor Version directly or indirectly infringes any patent, then the rights granted to You by any and all Contributors for the Covered Software under Section 2.1 of this License shall terminate.

5.3. In the event of termination under Sections 5.1 or 5.2 above, all end user license agreements (excluding distributors and resellers) which have been validly granted by You or Your distributors under this License prior to termination shall survive termination.

6. Disclaimer of Warranty

Covered Software is provided under this License on an “as is” basis, without warranty of any kind, either expressed, implied, or statutory, including, without limitation, warranties that the Covered Software is free of defects, merchantable, fit for a particular purpose or non-infringing. The entire risk as to the quality and performance of the Covered Software is with You. Should any Covered Software prove defective in any respect, You (not any Contributor) assume the cost of any necessary servicing, repair, or correction. This disclaimer of warranty constitutes an essential part of this License. No use of any Covered Software is authorized under this License except under this disclaimer.

7. Limitation of Liability

Under no circumstances and under no legal theory, whether tort (including negligence), contract, or otherwise, shall any Contributor, or anyone who distributes Covered Software as permitted above, be liable to You for any direct, indirect, special, incidental, or consequential damages of any character including, without limitation, damages for lost profits, loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses, even if such party shall have been informed of the possibility of such damages. This limitation of liability shall not apply to liability for death or personal injury resulting from such party’s negligence to the extent applicable law prohibits such limitation. Some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, so this exclusion and limitation may not apply to You.

8. Litigation

Any litigation relating to this License may be brought only in the courts of a jurisdiction where the defendant maintains its principal place of business and such litigation shall be governed by laws of that jurisdiction, without reference to its conflict-of-law provisions. Nothing in this Section shall prevent a party's ability to bring cross-claims or counter-claims.

9. Miscellaneous

This License represents the complete agreement concerning the subject matter hereof. If any provision of this License is held to be unenforceable, such provision shall be reformed only to the extent necessary to make it enforceable. Any law or regulation which provides that the language of a contract shall be construed against the drafter shall not be used to construe this License against a Contributor.

10. Versions of the License

10.1. New Versions

Mozilla Foundation is the license steward. Except as provided in Section 10.3, no one other than the license steward has the right to modify or publish new versions of this License. Each version will be given a distinguishing version number.

10.2. Effect of New Versions

You may distribute the Covered Software under the terms of the version of the License under which You originally received the Covered Software, or under the terms of any subsequent version published by the license steward.

10.3. Modified Versions

If you create software not governed by this License, and you want to create a new license for such software, you may create and use a modified version of this License if you rename the license and remove any references to the name of the license steward (except to note that such modified license differs from this License).

10.4. Distributing Source Code Form that is Incompatible With Secondary Licenses

If You choose to distribute Source Code Form that is Incompatible With Secondary Licenses under the terms of this version of the License, the notice described in Exhibit B of this License must be attached.

Exhibit A - Source Code Form License Notice

This Source Code Form is subject to the terms of the Mozilla Public License, v. 2.0. If a copy of the MPL was not distributed with this file, You can obtain one at <https://mozilla.org/MPL/2.0/>.

If it is not possible or desirable to put the notice in a particular file, then You may include the notice in a location (such as a LICENSE file in a relevant directory) where a recipient would be likely to look for such a notice.

You may add additional accurate notices of copyright ownership.

Exhibit B - “Incompatible With Secondary Licenses” Notice

This Source Code Form is “Incompatible With Secondary Licenses”, as defined by the Mozilla Public License, v. 2.0.
